

FOREWORD

The Reserve Bank of India regularly brings out the Report on Currency and Finance, which was traditionally considered as a comprehensive source and record of economic developments. The structure of this Report has been re-oriented since 1998-99 from just documenting the economic developments to a 'theme-based report'. The theme-based Report offers the professional economists working in the Bank, an opportunity to work on relevant topic every year and make incisive analysis of the theme both in the global and the Indian context and come out with an analytical Report offering possible policy solutions to the issues examined. The dissemination of these Reports to a wider section of the user-community is an important exercise. The Report pertaining to the period between 1935-36 and 1998-99 are available only in printed form. The Reports from 1999-2000 have been placed on the Reserve Bank's website. In these days of widespread use of information technology, it is felt useful to bring out the Reports in a single DVD. I hope this will be an invaluable collector's item among the policy makers and academia.

The digitization process of the Reports was undertaken by Shri Ashok Kapoor, Chief Archivist, Reserve Bank of India Archives and supported by the services of Smt. Sandhya Dhavale, Assistant Librarian, under the guidance of Shri K.U.B. Rao, Adviser, Department of Economic Analysis and Policy and Shri Sandip Ghose, Principal and Chief General Manager, College of Agricultural Banking, Pune. I place on record my deep appreciation of their efforts.

NOTES ON THE STATEMENTS

In the Statistical Statements presented in this volume, annual data are generally given for the financial years 1970-71 and 1972-73 to 1977-78. Thus the data for 1977-78 refer to the year from April 1, 1977 to March 31, 1978. Since 1970-71 forms the base year of most of the official series of index numbers, the data for 1970-71 are retained and those for 1971-72, except for the new series such as 'Net Domestic Product at Factor Cost—By Industry of Origin' etc., are omitted. The statements on (i) Industrial Production, (ii) Capital raised by non-Government and Government Companies, (iii) Estimated Employment in Public and Private Sectors, (iv) Employment in Public and Private Sectors in Major Industries and Services, (v) Number of Applicants on Live Register of Employment Exchanges and (vi) Domestic Production and Imports of Crude Oil and Petroleum Products are presented on calendar year basis, as the statistics compiled by the respective sources are on that basis. Further, data relating to (i) Agricultural Production, (ii) Financial Assistance Sanctioned by the Industrial Finance Corporation of India, (iii) Industrial Development Bank of India, (iv) Agricultural Refinance and Development Corporation, (v) Unit Trust of India, (vi) Consumer Price Index Numbers for Agricultural Labourers and (vii) Credit Guarantee Scheme for Small-scale Industries are for the year ended June.

A new statement viz., 'Factor Incomes by Broad Sectors' has been added in this Volume. Statement on 'Debt and other Liabilities of the Government of India' has been dropped. The statement on 'Commodities Subject to Export Duty during 1977-78' has been shifted to Volume I.

The Indian Rupee was devalued on June 6, 1966, changing its par value from Rs. 4.76 to Rs. 7.50 per U.S. Dollar and from Rs. 13.33 to Rs. 21.00 per Pound Sterling. On devaluation of the Pound Sterling on November 18, 1967, the exchange value of the rupee in terms of Sterling changed to Rs. 18.00 per Pound Sterling. On December 20, 1971, India established a central rate for the rupee at Rs. 18.9677 per Pound Sterling.

Effective September 25, 1975, the exchange rate of the rupee is determined on the basis of a basket of currencies of countries which are India's major trading partners, severing the earlier link with the Pound Sterling which still continues to remain India's intervention currency. Accordingly, the following revisions were effected in the rupee's exchange rate *vis-a-vis* the Pound Sterling.

Date Effective	Reserve Bank's Middle Rate per Pound Sterling
Sept. 25, 1975	Rs. 18.3084
Dec. 5, 1975	Rs. 18.1284
March 8, 1976	Rs. 17.75
March 11, 1976	Rs. 17.25
April 3, 1976	Rs. 16.90

May 29, 1976	Rs. 16.00
Sept. 21, 1976	Rs. 15.40
Sept. 29, 1976	Rs. 14.70
Dec. 24, 1976	Rs. 15.20
Nov. 1, 1977	Rs. 15.75
May 24, 1978	Rs. 15.35
July 31, 1978	Rs. 15.55

Wherever necessary, each figure has been rounded off to the nearest final digit. For this reason, in some statements the constituent items may not exactly add up to the total.

The following symbols have been used:

- .. = Figure is not available.
- = Figure is nil or negligible.

A line drawn between two consecutive rows/columns of figures indicates that the figures given after the line are not comparable with those preceding it.

1 lakh = 100,000; 10 lakhs = 1 million and 1 crore = 10 millions.

Statement 43:

(a) The Reserve Bank of India Rate (Bank rate) was raised from 5 to 6 per cent on January 9, 1971, to 7 per cent on May 31, 1973 and to 9 per cent from July 23, 1974.

(b) Treasury bill rate of discount for sales on tap was raised from 3.00 per cent to 3.50 per cent from January 9, 1971, to 4.00 per cent from June 1, 1973, to 4.25 per cent from April 1, 1974 and to 4.60 per cent from July 23, 1974.

(c) (i) The call money rates are the weighted averages of the quotations, the weights being proportional to the amounts accepted during the period. (ii) As a follow up of the Reserve Bank's decision to fix the maximum lending rate charged by commercial banks at 16.5 per cent effective March 15, 1976, the Indian Banks' Association issued a directive to its members asking them not to demand or pay more than 12.5 per cent per annum on any inter-bank borrowing with effect from March 29, 1976. Following the changes made by the Reserve Bank in the interest rate structure of banks, the Indian Banks' Association also revised the ceiling rate on inter-bank call money transactions to 10.0 per cent with effect from June 15, 1977.

Again, as a sequel to the changes in the structure of interest rates made by the RBI, including the lowering of the maximum lending rate charged by commercial banks

from 16.5 per cent to 15.0 per cent, with effect from March 1, 1978, the Indian Banks' Association brought down further, the ceiling on inter-bank call money rates from 10.00 per cent to 8.50 per cent with effect from March 9, 1978.

(d) Deposit rates are for major Indian banks having demand and time liabilities of Rs. 50 crores and above and for foreign banks. These rates were based on Inter-Bank Agreement upto September 1964 and on the Reserve Bank directives thereafter.

(e) (i) In terms of the Reserve Bank's directive dated October 2, 1975 the Regional Rural Banks (RRBs) were permitted to pay interest higher by 0.5 per cent per annum on deposits accepted by them than those prescribed for specified categories of deposits for periods upto 5 years. This was further amended to cover the deposits with a maturity of more than 5 years also, with effect from January 1, 1977. Following the change in the interest rate structure with effect from June 1, 1977, the Regional Rural Banks are allowed to continue to pay 0.5 per cent more on savings and fixed deposits, except in the case of deposits above five years.

(ii) The scheduled commercial banks with demand and time liabilities of less than Rs. 25 crores, are allowed to continue to pay 0.25 per cent more on savings and fixed deposits. The scheduled co-operative banks, central co-operative banks and the primary (urban) co-operative banks have also been allowed to pay on savings and fixed deposits, 0.25 per cent, 0.50 per cent and 1.00 per cent, respectively more than the interest rate payable by commercial banks. This differential in the interest rates of co-operative banks, is also applicable to deposits of 61 months and above. The distinction between savings deposits with and without cheque facilities introduced in July 1977 was withdrawn; the rate on all savings deposits having been fixed at 4.5 per cent per annum from March 1, 1978.

(f) With effect from February 1, 1975, the smaller banks with aggregate demand and time liabilities of less than Rs. 25 crores were allowed to pay 0.25 per cent higher on their term deposits with maturity of 5 years and less. For savings deposits, the rate was 5.25 per cent for banks with liabilities of Rs. 10-25 crores and 5.50 per cent for banks with liabili-

ties of less than Rs. 10 crores. However, with effect from June 1, 1977, all banks with demand and time liabilities of less than Rs. 25 crores, are allowed to pay at their discretion, additional interest of 0.25 per cent per annum on all savings deposits and on term deposits upto and inclusive of 5 years.

(g) A ceiling of 9 per cent was imposed on the lending rates of the Indian scheduled banks with aggregate demand and time liabilities of Rs. 50 crores or above and all the foreign scheduled banks with effect from September 25, 1964; the rate was raised to 10 per cent from February 17, 1965, but reduced to 9.50 per cent from March 2, 1968. Since January 21, 1970, the ceiling on lending rates was withdrawn.

(h) With effect from March 15, 1976, the Bank had fixed the maximum lending rate to be charged by scheduled commercial banks, having demand and time liabilities of over Rs. 50 crores, at 16.5 per cent. Banks with demand and time liabilities between Rs. 25 crores and Rs. 50 crores were allowed to charge one percentage point higher than the ceiling rate of interest (i.e., 17.5 per cent). The rate was inclusive of the 7 per cent levy on interest income from advances. The ceiling rate was not applicable in the case of banks with demand and time liabilities of less than Rs. 25 crores. With the abolition of the tax of 7 per cent on interest income earned by banks, the maximum lending rate chargeable by banks was reduced to 15 per cent for banks with demand and time liabilities over Rs. 25 crores, and 16 per cent for those banks with demand and time liabilities of less than Rs. 25 crores with effect from March 1, 1978.

Statement 46:

Under the Credit Guarantee Scheme, which is administered by the Reserve Bank of India as an agent of the Central Government, all receipts by way of guarantee fees, recoveries in claim paid accounts, etc. less all payments by way of claims, are transmitted to Government as at the end of June and December each year. The net surplus with the Government represents the net amount (cumulative) transferred to Government. The entire administrative expenditure of the Guarantee Organisation is borne by the Reserve Bank of India.

Under the Scheme, as modified from February 1, 1970, (when the number of Guarantees outstanding was 92,755) and in terms of the agreement between the bank/financial institution and the Guarantee Organisation, all eligible credit facilities to small scale units are deemed as covered and the issue of Guarantee certificates in respect of individual credit facilities having been dispensed with, they are required to file quarterly returns reporting such eligible credit facilities.

Advances under Default : As soon as a default occurs in an account, the credit institution is required to report it to the Guarantee Organisation and the guarantee may be invoked any time thereafter. Such accounts, therefore, are potential claims.

Statement 47:

Debt : Comprises (1) all borrowings from Government and semi-Government, Statutory Financial Corporations and other institutional agencies, (2) borrowings from banks against (i) other mortgages and (ii) own debentures and (3) "Other borrowings" against (i) own debentures, (ii) other mortgages, (iii) deferred payment liabilities and (iv) public and other deposits.

Equity : is the same as *Net worth*, explained in the statement.

Current assets: Comprise (1) inventories, (2) loans and advances and other debtor balances, (3) book value of quoted investments, (4) cash and bank balances and (5) advance of income-tax in excess of tax-provision.

Current liabilities : Comprise (1) tax-provisions in excess of advance of income-tax and other current provisions, (2) borrowings less debt as defined above and (3) trade dues and other current liabilities.

Statements 72 to 74:

The receipts and disbursements given in these statements differ from the figures shown in the Annual Financial Statement (Budget of the Central Government) mainly because in these statements the figures relating to the Posts & Telegraphs Department and the Railways have been excluded

while treasury bills, small savings, provident funds, market loans and external loans are shown on a net basis (i.e., after adjusting for repayments). They are shown on a gross basis in the Annual Financial Statement.

The figures for Revenue and Capital accounts given in statements 72 to 74 are not comparable with those given in the Reports on Currency and Finance prior to 1973-74 due to changes in the accounting classification of the Budget. For a brief discussion on the new classification, please refer to Chapter V on "Budget and Public Debt" of the Report on Currency and Finance for 1973-74.

Statement 74:

Data from 1973-74 onwards cover expenditure on food subsidy under the head "Agriculture and allied services" as part of economic services and relief on account of natural calamities as part of "social and community services" under developmental expenditure; in earlier years, data on the expenditure on these items were included under the head "other expenditure" as part of non-developmental expenditure.

Statement 81:

The statement is prepared from the data given in the Finance Accounts of the Union Government and the Explanatory Memorandum on the Budget of the Central Government. In the memoranda on Central Budgets prior to 1976-77, data on certain items like capital outlay on important departmental undertakings and investment in major autonomous corporations were separately shown and data on External Debt were shown country-wise and institution-wise, whereas from 1976-77 onwards these items are clubbed together and not shown separately by corporation/institution/or country division. Consequent modifications have been made in this statement since the Report on Currency and Finance for 1975-76.

Statement 84:

State debt has been re-classified as recommended in the Second Report of the Team on Reforms in the Structure of Budget and Accounts. Outstanding debt liabilities from March 31, 1973 onwards presented in

this statement are, therefore, not strictly comparable, item by item, with those for the earlier period. Earlier the total debt of State Governments used to be shown under the following heads : (i) Permanent Debt, (ii) Floating Debt, (iii) Loans from the Centre, (iv) Other Debt and (v) Unfunded Debt. Under the new classification the major heads are : (i) Internal Debt, (ii) Loans and Advances from the Central Government and (iii) Provident Funds, etc.

Market loans and bonds : This item is identical with the item 'Permanent Debt' in the old classification and comprises current and expired loans floated on the market and compensation bonds issued in connection with abolition of Zamindari and Jagirdari and housing bonds, etc.

Ways and Means Advances from the Reserve Bank of India : This item corresponds to 'Floating Debt', of the earlier classification except for the exclusion of cash credits from the State Bank of India and other commercial banks, and represents in the new classification ways and means advances and overdrafts (repayable within seven days) from the Reserve Bank of India. Figures in the statement against this item as on March 31, 1972, represent outstanding 'Floating Debt', of the old classification and are thus not strictly comparable with those for the subsequent period.

Loans from Banks and Other Institutions : This item corresponds to 'Other Debt' of the earlier classification, but includes cash credits from the State Bank of India and other commercial banks not covered in 'Other Debt' and represents loans from the State Bank of India and other commercial banks, National Agricultural Credit (Long-Term Operations) Fund of the Reserve Bank of India, National Co-operative Development Corporation, Life Insurance Corporation of India, Employees' State Insurance Corporation, Khadi and Village Industries Commission, etc. Figures against this item as on March 31, 1971 represent outstanding 'Other Debt' under the old classification and are, therefore, not strictly comparable with those for the subsequent period.

Loans and Advances from the Central Government : This item is identical with 'Loans from the Centre' in the earlier

classification and comprises loans and advances from the Central Government for plan as well as non-plan purposes including loans against small savings collections.

Provident Funds, etc. : This item is identical with 'Unfunded Debt' of the old classification and includes State Provident Funds, Insurance and Pension Funds, Trusts and Endowments, etc.

Statements 85 and 86:

The statements exclude :

The value of such bonds amounted to Rs. 441 lakhs and Rs. 255 lakhs respectively, at the rate of Rs. 53.58 per 10 grams.

The index numbers for the four groups viz., (i) Basic Industries, (ii) Capital Goods Industries, (iii) Intermediate Goods Industries and (iv) Consumer Goods Industries have been derived in R. B. I. by combining the indices for the individual industries, constituting each group/sub-group, using the respective weights. However, the General Index may not always be strictly derivable from the constituent group indices as the former takes into account the latest revisions advised by the C. S. O.

Notes: 1. The figures from 1972-73 onwards are not strictly comparable with those for earlier years due to changes in accounting classification of budget heads.

2. Figures for receipts and expenditure in the Statement are based on the budget documents of Central and State Governments as adjusted for Centre's grants and loans to States and for the States' interest payments and loan repayments to the Centre on the basis of data available in Central budget, so as to avoid double counting. Thus, (i) Revenue receipts of the States and Revenue expenditure of the Centre are adjusted for grants from the Centre to the States; (ii) Revenue expenditure of the States and Revenue receipts of the Centre are net of interest payments to the Centre by the States; (iii) Capital receipts of the States and Capital disbursements of the Centre are adjusted for loans from the Centre to the States, and (iv) Capital disbursements of the States and Capital receipts of the Centre are net of repayment of loans by the States to the Centre.

3. Capital receipts of the States are also adjusted for net receipts repayments of ways and means advances and overdrafts from/to the Reserve Bank of India, which are treated as financing items. The data given in the State budgets have been used.

4. To maintain uniformity, data for Gujarat, Haryana and Tamil Nadu available for 1972-73 and 1973-74 on the basis of old classification have been broadly converted into the revised classification.

5. Figures in brackets are percentages to National Income.

6. Figures for 1978-79 (Budget Estimates) would differ from those given in Bank's Annual Report for 1977-78 due to revision in data.

(a) Excludes Treasury bill receipts (Net). (b) Figures are C. S. O. estimates. Figures for 1976-77 are quick estimates. (c) Exclude P. @ In accordance with the recommendations of the Railway Convention Committees, 1965, and 1971 and the interim recommendations of Railway Convention Committee 1973, the payment of dividend with effect from 1966-67 combines the two separate payments which were till then being made as dividend and as special payment in lieu of tax on passenger fares. According to the new arrangement, dividend to General Revenues is at 5.5 per cent (one per cent more than the dividend of 4.5 per cent paid during the last three years of the Third Plan) on Capital-at-Charge as on 31-3-1964, and 6 per cent of fresh capital thereafter. Out of the additional one per cent dividend payable on capital invested upto 31-3-64, a sum of Rs. 16 crores is for transfer to States in lieu of tax on passenger fares and the balance is to assist the States to finance safety works.

†† Excluding outlay on Metropolitan Transport Projects.

Notes:1. Gold is valued at Rs. 53.58 per 10 grams upto May 1966 and at Rs. 84.39 per 10 grams thereafter; the increases in gold holdings by Rs. 528 lakhs in January 1977 and Rs. 529 lakhs in December 1977 are due to restitution of gold by IMF to India. The increase by Rs. 21,13 lakhs in June 1978 is on account of purchase of gold under the non-competitive bid at IMF's gold auction.

2. All foreign exchange holdings are valued at par/central rates upto June 1972, except for the holdings of Canadian dollars from June 1970 to June 1972 which are valued on the basis of monthly averages of spot buying and selling rates in New York, and the holdings of Deutsche marks from May to November 1971 and of yen and sterling from September to November 1971 which are valued on the basis of the monthly averages of spot buying and selling rates in London. From July 1972 holdings in sterling are valued at the average of the Bank's spot buying and selling rates; all other foreign exchange holdings are valued on the basis of the monthly averages of the spot buying and selling rates in London from July 1972 to April 1974, and on the basis of averages of spot buying and selling rates in London from May 1974.
