

FOREWORD

The Reserve Bank of India regularly brings out the Report on Currency and Finance, which was traditionally considered as a comprehensive source and record of economic developments. The structure of this Report has been re-oriented since 1998-99 from just documenting the economic developments to a 'theme-based report'. The theme-based Report offers the professional economists working in the Bank, an opportunity to work on relevant topic every year and make incisive analysis of the theme both in the global and the Indian context and come out with an analytical Report offering possible policy solutions to the issues examined. The dissemination of these Reports to a wider section of the user-community is an important exercise. The Report pertaining to the period between 1935-36 and 1998-99 are available only in printed form. The Reports from 1999-2000 have been placed on the Reserve Bank's website. In these days of widespread use of information technology, it is felt useful to bring out the Reports in a single DVD. I hope this will be an invaluable collector's item among the policy makers and academia.

The digitization process of the Reports was undertaken by Shri Ashok Kapoor, Chief Archivist, Reserve Bank of India Archives and supported by the services of Smt. Sandhya Dhavale, Assistant Librarian, under the guidance of Shri K.U.B. Rao, Adviser, Department of Economic Analysis and Policy and Shri Sandip Ghose, Principal and Chief General Manager, College of Agricultural Banking, Pune. I place on record my deep appreciation of their efforts.

Effective September 25, 1975, the exchange rate of the rupee is determined on the basis of

a basket of currencies of countries which are India's major trading partners, severing the earlier link with the Pound Sterling which, however, continues to remain India's intervention currency. In view of the sharp fluctuations in foreign currency markets, the permissible margin for the variation in the value of rupee has been widened from 2.25 per cent on either side to 5 per cent with effect from January 30, 1979. The following revisions were effected in the rupee's exchange rate *vis-a-vis* the Pound Sterling:

A line drawn between two consecutive rows/columns indicates that the figures given after the line are not comparable with those preceding it.

The following symbols have been used in the volume:

.. = Figure is not available
 — = Figure is nil or negligible
 1 lakh = 100,000 10 lakhs = 1 million
 1 crore = 10 millions.

Weights of individual industries may not add to that of group as only selected industries are shown. The General Index may not always be strictly derivable from the constituent group indices as the former takes into account the latest revisions advised by the Central Statistical Organisation.

£ On various dates starting from January 1978, a number of Scheduled Commercial Banks have classified a larger proportion of their savings deposits as time liabilities and a lower proportion as demand liabilities. Consequently, figures since January 1978 are not strictly comparable.

@ Data available for July to December 1979 do not represent correctly all the transactions actually put through the Reserve Bank of India during the period.

Note : The publication of Index Numbers of Prices of Debentures and Preference Shares of Joint Stock Companies was discontinued with effect from December 1979, as most of the selected scrips were not actively traded on the Stock Exchanges and in many a case, the price quotations published in the Official Quotations Lists pertained to transactions which took place in the distant past and the Index Numbers based on such quotations were not realistic. Note : Consequent upon the nationalisation of 'Indian Iron and Steel Co.' in July 1976, figures for the sub-group 'Iron & Steel' are not shown separately. However, prices in respect of Ordinary Shares of 'Tata Iron and Steel Co.' are taken into account for working out yields in respect of main groups and All Industries.

@ The figures above the line are the averages for April-June 1974 and those below, for August 1974-March 1975. Due to insignificant trading on account of the Companies (Temporary Restriction on Dividends) Ordinance, 1974, figures for July 1974 are not compiled. Figures from August 1974 to March 1975 have been worked out by using estimated.

Notes : 1. The figures from 1974-75 onwards in this statement are not strictly comparable with those for 1970-71 due to changes in accounting classification of budget heads.

2. Figures for receipts and expenditure in the statement are based on the budget documents of Central and State Governments as adjusted for Centre's grants and loans to States, and for the States' interest payments and loan repayments to the Centre on the basis of data available in Central budget, so as to avoid double counting. Thus, (i) Revenue receipts of the States and Revenue expenditure of the Centre are adjusted for grants from the Centre to States; (ii) Revenue expenditure of the States and Revenue receipts of the Centre are net of interest payments to the Centre by the States; (iii) Capital receipts of the States and Capital disbursements of the Centre are adjusted for loans from the Centre to the States; and (iv) Capital disbursements of the States and Capital receipts of the Centre are net of repayment of loans by the States to the Centre.

3. Capital receipts of the States are also adjusted for net receipts/repayments of ways & means advances and overdrafts from/to the Reserve Bank of India, which are treated as financing items. The data given in the State budgets have been used.

4. Figures in brackets are percentages to national income.

5. Figures for 1978-79 (Accounts), 1979-80 (Revised Estimates) and 1980-81 (Budget Estimates) would differ from those given in Bank's Annual Report, 1979-80 due to revision in data.

(a) Excludes Treasury bills receipts (Net).

(b) Figures are C.S.O. estimates. Figures for 1978-79 are quick estimates.

(c) Takes into account shortfall in deposits of special credits from Iran and withdrawal of deposits of Crude Oil Fund.

(d) Includes contra-entries relating to receipt/expenditure of Rs. 562 crores on account of subscription payable to International Monetary Fund in the form of securities and special drawing rights.

(e) Excludes accounting adjustments relating to the write-off of Rs. 946 crores of loans advanced to State Governments prior to 1967-80. These loans were written off by way of debt relief to States in pursuance of the recommendations of the Seventh Finance Commission.

* In respect of Assam the figures are taken from its interim Budget for 1980-81 and do not cover the regular Budget of Assam presented to Parliament on November 20, 1980 and also exclude the Supplementary Demands for Grants for additional expenditure of the Central Government presented to Parliament in December 1980.

+ Includes effects of budget proposals and tax concessions announced by Central Government on July 24, 1980.

(f) Inclusive of State Governments' borrowings from the LIC for water supply and housing. In the earlier Plans the LIC loans for water supply were included under miscellaneous capital receipts whereas the LIC loans for housing and outlays financed from such loans were kept outside Plan resources and outlays. Loans from LIC and borrowings by State enterprises are on a gross basis. The repayments are as stated in footnote (e) netted under item A4(ii).

(g) The figures of deficit financing refer to changes in Government indebtedness (both long-term and short-term) to the Reserve Bank.

(h) This and the figures for subsequent years are at the new exchange rate.

(i) Inclusive of economy in non-Plan expenditure and greater buoyancy of receipts in the case of certain States. The actual performance of Rs. 73 crores relates only to net yield from changes in taxes, tariffs, fares, etc., and as such is not strictly comparable with the Plan target of Rs. 279 crores.

(j) Comprises borrowings against utilisation of foreign exchange reserves.

(k) Net of repayments only. Interest has been allowed for under item A 1.

(l) Based on the estimated Balance of Payments Current Account deficit of Rs. 7880 crores at 1978-79 prices.

(d) Deferred Dividend Liability Account						+ 2	— 42	+ 7

Notes: (1) Item-wise figures of expenditure for 1977-78 are gross (without adjustment of recoveries) and hence do not add up to the total.
 (2) Expenditure figures from 1978-79 onwards are not comparable with those of the earlier years on account of restructured heads of accounts since that year.
 (3) The concessions announced by the Railway Minister in the Lok Sabha on June 20, 1980 in respect of the revised fare and freight rate structure would result in a revenue loss of about Rs. 10.0 crores (Rs. 2.5 crores in freight and Rs. 7.5 crores in passenger earnings) in 1980-81.

— Negligible or Nil.

* Include receipts from Surcharge on Passengers, other Miscellaneous Receipts and Receipts from Subsidised Companies, etc.

** Include expenditure like contribution to the Provident Fund, Departmental Catering, Stores, Security, Track Patrolling, Payment of Compensation under the Workmen's Compensation Act, subsidy on Grainshops, expenditure on Land, Surveys, Open Line Works (Revenue), Appropriation to Accident Compensation, Safety and Amenities Fund, Appropriation to Pension Fund and Payments to Worked Lines, etc.

† Excluding outlay on Metropolitan Transport Projects.

@ In accordance with the recommendations of the Railway Convention Committees, 1965 and 1971 and the interim recommendations of Railway Convention Committee 1973, the payment of dividend with effect from 1966-67 combines the two separate payments which were till then being made as dividend and as special payment in lieu of tax on passenger fares. According to the new arrangement, dividend to General Revenues is 5.5 per cent (one per cent more than the dividend of 4.5 per cent paid during the last three years of the Third Plan) on Capital-at-Charge as on 31-3-1964, and 6 per cent on fresh capital thereafter. Out of the additional one per cent dividend payable on capital invested upto 31-3-1964, a sum of Rs. 16 crores is for transfer to States in lieu of tax on passenger fares and the balance is to assist the States to finance safety works.

†† Including Rs. 15.8 crores pertaining to the year 1973-74.

- Note :**
1. As part of the liberalised import policy introduced in 1978-79 the OGL list of commodities/items was substantially enlarged with the result the number of commodities/items requiring import licence declined sharply. In view of the change in policy, data on import licences for 1978-79 and 1979-80 are not comparable with those for earlier years.
 2. The category of 'Established Importers' was abolished in terms of the import policy for 1978-79. However, licences for a total value of Rs. 4.95 crores were issued during the year to the erstwhile 'Established Importers' under the Indo-Afghan trade agreement which was then in force.
 3. Since 1978-79 the coverage of the 'Actual Users' (Non-DGTD, Non-SSI) category has been split up into Actual Users (Industrial) and Actual Users (Non-Industrial).
 4. During 1977-78 heavy licensing was done under Free Licensing Scheme for import of edible oils, dates, dry fruits, spices, crude drugs, spares for machinery, viscose/polynosic fibre/acrylic fibre/polyester, fibre/tow, etc. and hence the figures under 'others' category are not comparable with either the earlier or later periods.
 5. Import licensing figures for 1976-77 for State Trading Agencies and Ad hoc categories are inclusive of enhancement in value to the extent of Rs. 1158.06 crores effected in the case of P.O.L. items whereas figures for other years do not include any such enhancement.

For details in respect of other items, reference may be made to 'Explanatory Notes on Current Statistics' issued as a Supplement to the R.B.I. Bulletin, October, 1978.

Statements 43 and 44 :

Ownership holding referred to in the statement relating to PACS means the total land holding of a cultivator and not that part of a holding which is actually under cultivation or that which has been charged or mortgaged to the Society. Similarly, in the case of C. L. D. Bs. and P. L. D. Bs. ownership holding refers to the total land holding of the concerned cultivator and not the part of holding

which is actually mortgaged to the Primary/ State Land Development Bank.

Agricultural labourers refer to those having a homestead and earning 50 per cent or more of their income from activities connected with agriculture including animal husbandry such as, dairy and poultry. The remaining categories of members, e.g. artisans, traders, etc., are to be reported under 'Others'.

Statement 46 :

The data cover the number and amount of cheques, drafts, bills, interest warrants, payment orders, etc., which pass through the clearing houses, including the documents returned unpaid. Data do not cover cheques cashed over the counter, out-station cheques collected directly without passing through the clearing houses and transfer transactions.

Figures in the column for 'Other Centres' and consequently for the column 'All Centres' are not strictly comparable as the number of centres included under 'Other Centres' varies from time to time consequent upon the opening of new centres, etc.

Statement 48 :

(a) The Reserve Bank of India Rate (Bank Rate) was raised from 5 to 6 per cent on January 9, 1971, to 7 per cent on May 31, 1973 and to 9 per cent from July 23, 1974.

(b) Treasury bill rate of discount for sales on tap was raised from 3.00 per cent to 3.50 per cent from January 9, 1971, to 4.00 per cent from June 1, 1973, to 4.25 per cent from April 1, 1974 and to 4.60 per cent from July 23, 1974.

(c) (i) The call money rates are the weighted arithmetic averages of the rates on which money is accepted and reported by selected scheduled commercial banks at Bombay, Calcutta and Madras, the weights being proportional to the amount of money accepted during the period by the respective banks. Deposits requiring prior notice of any type for repayment are excluded.

(ii) As a follow up of the Reserve Bank's decision to fix the maximum lending rate

charged by commercial banks at 16.5 per cent effective from March 15, 1976, the Indian Banks' Association issued a directive to its members asking them not to demand or pay more than 12.5 per cent per annum on any inter-bank borrowings with effect from March 29, 1976. Subsequently, following the changes made by the Reserve Bank in the interest rate structure of banks, the Indian Banks' Association revised the ceiling rate on inter-bank call money transactions from time to time as follows: (i) 12.50 per cent to 10.00 per cent with effect from June 15, 1977, (ii) 10.00 per cent to 8.50 per cent with effect from March 9, 1978 and (iii) 8.50 per cent to 10.00 per cent with effect from April 14, 1980.

(d) Deposit rates were based on Inter-bank Agreement upto September 1964 and on the Reserve Bank's directives thereafter. Deposit rates given here relate to (i) banks with demand and time liabilities (DTL) of Rs. 50 crores and above and foreign banks upto July 22, 1974, (ii) all banks between July 23, 1974 and end-January 1975 and (iii) banks with DTL of Rs. 25 crores and above from February 1, 1975.

(e) (i) Scheduled commercial banks with DTL upto Rs. 50 crores were allowed to pay an additional interest of between $\frac{1}{8}$ percentage point and $\frac{1}{2}$ percentage point per annum on fixed deposits of all maturities upto July 22, 1974. This concession was withdrawn from July 23, 1974. From February 1, 1975, however, banks with DTL of less than Rs. 25 crores were allowed to pay 0.25 per cent higher on term deposits with maturity of 5 years and less.

(ii) From October 2, 1975, the Regional Rural Banks (RRBs) were permitted to pay on deposits accepted by them, interest higher by 0.5 per cent per annum, than those prescribed for specified categories of deposits for periods upto 5 years. This was further amended to cover deposits with a maturity of more than five years also, effective January 1, 1977, but from June 1, 1977, RRBs were allowed to continue to pay 0.5 percentage point more on fixed deposits upto five years only.

(iii) The central co-operative banks and the primary (urban) co-operative banks are

allowed to pay at their discretion on fixed deposits additional interest of 0.5 per cent and 1.0 per cent, respectively. As regards State co-operative banks, while earlier, all of them were allowed to pay 0.25 per cent more, from September 13, 1979, State co-operative banks in the Union Territories and in Manipur, Tripura, Nagaland, Meghalaya and Arunachal Pradesh are allowed to pay 0.5 per cent more, while banks other than those specified above are allowed to continue to pay 0.25 per cent more than the interest rate payable by commercial banks.

(f) A ceiling of 9 per cent was imposed on the lending rates of the Indian scheduled banks with aggregate DTL of Rs. 50 crores or above and all the foreign scheduled banks with effect from September 25, 1964; the rate was raised to 10 per cent from February 17, 1965, but reduced to 9.50 per cent from March 2, 1968. Since January 21, 1970, the ceiling on lending rates was withdrawn.

(g) With effect from March 15, 1976, the Bank had fixed the maximum lending rate to be charged by scheduled commercial banks, having DTL of Rs. 50 crores and over at 16.5 per cent. Banks with demand and time liabilities of Rs. 25 crores and above but less than Rs. 50 crores were allowed to charge one percentage point higher (*i. e.*, 17.5 per cent) than the ceiling rate of interest. The rate was inclusive of the 7 per cent levy on interest income from advances. The ceiling rate was not applicable in the case of banks with DTL of less than Rs. 25 crores. With the abolition of the tax of 7 per cent on interest income earned by banks, the maximum lending rate chargeable by banks was reduced to 15 per cent for banks with DTL of Rs. 25 crores and over and was fixed at 16 per cent for banks with DTL of less than Rs. 25 crores with effect from March 1, 1978. Effective September 13, 1979, the maximum lending rate on short-term advances was raised from 15 per cent to 18 per cent in respect of banks with DTL of Rs. 25 crores and above and from 16 per cent to 19 per cent in respect of banks with DTL below Rs. 25 crores. Certain categories of advances exempted from the increase in lending rates are (i) advances to priority sector, (ii) pre-shipment and post-shipment (export credit), (iii) credit to sick units under the agreed nursing programmes, (iv) credit to Food Corporation of India

and to State Governments and their agencies for public procurement and distribution of foodgrains and (v) credit to specified public sector agencies for procurement/distribution of other commodities.

Statement 51 :

Under the Credit Guarantee Scheme, which is administered by the Reserve Bank of India as an agent of the Central Government, all receipts by way of guarantee fees, recoveries in claim paid accounts, etc., less all payments by way of claims, were being transmitted to Government as at the end of June and December each year. It has since been decided to transmit the same yearly at the end of March with effect from March 1979. The net surplus with the Government represents the net amount (cumulative) transferred to Government. The entire administrative expenditure of the Guarantee Organisation is borne by the Reserve Bank of India.

Under the Scheme, as modified from February 1, 1970, (when the number of Guarantees outstanding was 92,755) and in terms of the agreement between the Bank/financial institution and the Guarantee Organisation, all eligible credit facilities to small scale units are deemed as covered and the issue of Guarantee certificates in respect of individual credit facilities having been dispensed with, they are required to file half-yearly returns reporting such eligible credit facilities.

Advances under Default: As soon as a default occurs in an account, the credit institution is required to report it to the Guarantee Organisation and the guarantee may be invoked any time thereafter. Such accounts, therefore, are potential claims.

Statement 52 :

Debt: Comprises (1) all borrowings from Government and semi-Government, Statutory Financial Corporations and other institutional agencies, (2) borrowings from banks against (i) other mortgages and (ii) own debentures and (3) 'Other borrowings' against (i) own debentures, (ii) other mortgages, (iii) deferred payment liabilities and (iv) public and other deposits.

Equity: is the same as *Net worth*, explained in the statement.

Current assets: Comprise (1) inventories, (2) loans and advances and other debtor balances, (3) book value of quoted investments, (4) cash and bank balances and (5) advances of income-tax in excess of tax-provision.

Current liabilities: Comprise (1) tax provisions in excess of advance of income-tax and other current provisions, (2) borrowings less debt as defined above and (3) trade dues and other current liabilities.

Statement 77 to 79 :

The receipts and disbursements given in these statements differ from the figures shown in the Annual Financial Statement (Budget of the Central Government) mainly because in these statements data on revenue account exclude figures relating to Posts and Telegraphs Department, Railways, and States' share of the Union excise duties. Defence expenditure is shown on a net basis under revenue expenditure. In Capital Account, receipts other than market loans and external loans are shown on a net basis. Net variation in Treasury Bills is treated as financing item of surplus/deficit.

The figures for Revenue and Capital Accounts given in these statements are not comparable with those given in the Reports on Currency and Finance prior to 1973-74 due to changes in the accounting classification of the Budget. For a brief discussion on the new classification, please refer to chapter V on 'Budgets and Public Debt' of the Report on Currency and Finance for 1973-74.

Statement 79 :

Data from 1974-75 onwards cover expenditure on food subsidy under the head "Agriculture and allied services" as part of economic services and relief on account of natural calamities as part of "social and community services" under developmental expenditure; in earlier years, data on the expenditure on these items were included under the head "other expenditure" as part of non-developmental expenditure.

Statement 86 :

The statement is prepared from the data given in the Finance Accounts of the Union Government and the Explanatory Memorandum on the Budget of the Central Government. In the Memoranda on Central Budgets prior to 1976-77, data on certain items like capital outlay on important departmental undertakings and investment in major autonomous corporations were separately shown and data on External Debt were shown country-wise and institution-wise. From 1976-77 onwards, these items are clubbed together and not shown separately by corporation/institution/country division. Consequent modifications have been made in this Statement since the Report on Currency and Finance for 1975-76.

Statement 89 :

State debt has been re-classified as recommended in the Second Report of the Team on Reforms in the Structure of Budget and Accounts. Outstanding debt liabilities from March 31, 1975 onwards presented in this statement are, therefore, not strictly comparable, item by item, with those for the year ended March 1971. Until the year ended March 1971, total debt of State Governments used to be shown under the following heads: (i) Permanent Debt, (ii) Floating Debt, (iii) Loans from the Centre, (iv) Other Debt and (v) Unfunded Debt. Under the new classification the major heads are: (i) Internal Debt, (ii) Loans and Advances from the Central Government and (iii) Provident Funds, etc.

Market loans and bonds: This item is identical with the item 'Permanent Debt' in the old classification and comprises current and expired loans floated in the market and compensation bonds issued in connection with abolition of Zamindari and Jagirdari and Housing bonds, etc.

Ways and Means Advances from the Reserve Bank of India: This item corresponds to 'Floating Debt' of the earlier classification except for the exclusion now of cash credits from the State Bank of India and other commercial banks, and represents in the new classification ways and means advances and overdrafts (repayable within seven days) from

the Reserve Bank of India. Figures in the statement against this item as on March 31, 1971, represent outstanding 'Floating Debt' of the old classification and are thus not strictly comparable with those for the years ended March 1975 onwards.

Loans from Banks and Other Institutions: This item corresponds to 'Other Debt' of the earlier classification, but now includes cash credits from the State Bank of India and other commercial banks not covered in 'Other Debt' and represents loans from the State Bank of India and other commercial banks, National Agricultural Credit (Long-Term Operations) Fund of the Reserve Bank of India, National Co-operative Development Corporation, Life Insurance Corporation of India, Employees' State Insurance Corporation, Khadi and Village Industries Commission and others. Figures against this item as on March 31, 1971 represent outstanding 'Other Debt' under the old classification and are, therefore, not strictly comparable with those for the years ended March 1975 onwards.

Loans and Advances from the Central Government: This item is identical with 'Loans from the Centre' in the earlier classification and comprises loans and advances from the Central Government for Plan as well as non-Plan purposes including loans against Small Savings collections.

Provident Funds, etc.: This item is identical with 'Unfunded Debt' of the old classification and includes State Provident Funds, Insurance and Pension Funds, Trusts and Endowments, etc.

Statements 90 and 91 :

The statements exclude :

(i) The National Defence Gold Bonds 1980 (A and B series) which were on sale between October 1965 and May 1966. The contributions in gold to these bonds were 82,35,260 grams and 47,57,709 grams for A and B series, respectively. The value of such bonds amounted to Rs. 441 lakhs and Rs. 255 lakhs respectively, at the rate of Rs. 53.58 per 10 grams.

(ii) 4½% Banks (Acquisition and Transfer) Compensation Bonds, 1979, 5½% Banks (Ac-

quisition and Transfer) Compensation Bonds, 1999, 4½% Jayanti Shipping Company (Acquisition of Shares) Compensation Bonds, 1981 and 5½% Bonds, 1985 (Voluntary Disclosure of Income and Wealth Ordinance, 1975, now Voluntary Disclosure of Income and Wealth Act, 1976). In respect of 4½% Banks (Acquisition and Transfer) Compensation Bonds, 1979, the repayment during 1979-80 was Rs. 669 lakhs and the balance outstanding as at the end of March 1980 was Rs. 92 lakhs.

(iii) Issue and repayment of various State Governments' Zamindari Abolition and Compensation Bonds which amounted to Rs. 238 lakhs and Rs. 115 lakhs, respectively during 1979-80. At the end of the period, the balance outstanding was Rs. 9004 lakhs.
