

FOREWORD

The Reserve Bank of India regularly brings out the Report on Currency and Finance, which was traditionally considered as a comprehensive source and record of economic developments. The structure of this Report has been re-oriented since 1998-99 from just documenting the economic developments to a 'theme-based report'. The theme-based Report offers the professional economists working in the Bank, an opportunity to work on relevant topic every year and make incisive analysis of the theme both in the global and the Indian context and come out with an analytical Report offering possible policy solutions to the issues examined. The dissemination of these Reports to a wider section of the user-community is an important exercise. The Report pertaining to the period between 1935-36 and 1998-99 are available only in printed form. The Reports from 1999-2000 have been placed on the Reserve Bank's website. In these days of widespread use of information technology, it is felt useful to bring out the Reports in a single DVD. I hope this will be an invaluable collector's item among the policy makers and academia.

The digitization process of the Reports was undertaken by Shri Ashok Kapoor, Chief Archivist, Reserve Bank of India Archives and supported by the services of Smt. Sandhya Dhavale, Assistant Librarian, under the guidance of Shri K.U.B. Rao, Adviser, Department of Economic Analysis and Policy and Shri Sandip Ghose, Principal and Chief General Manager, College of Agricultural Banking, Pune. I place on record my deep appreciation of their efforts.

INTRODUCTORY NOTE

The annual data presented in this volume generally relate to financial year (April-March) except where otherwise specified. Since 1970-71 continues to be the base year for many official series such as index numbers, data commencing with this year are presented. Data for the year 1975-76 being the mid-point for the decade 1970-1980 have been retained. A new statement, "Average Monetary Aggregates", in the series of Money Stock Measures has been introduced this year. Data on "India's Overall Balance of Payments" are presented in the Revised Format. Except these two changes, the pattern of presentation of data has remained the same as in the earlier Reports.

Statistics in respect of the following statements are presented on calendar year basis since the source agencies compile such statistics on calendar year basis. Those are : (i) Estimated employment in public and private sectors (No. 12), (ii) Employment in public and private sectors in major industries and services (No. 13), (iii) Number of applicants on live register of employment exchanges (No. 14), (iv) Domestic production and imports of crude oil and petroleum products (No.17), (v) Index numbers of industrial production (No. 18), (vi) Index numbers of industrial production—use-based classification (No.19), (vii) Industrial production — selected items (No. 20), (viii) Regional Rural Banks — number of branches, deposits, outstandings and overdues (No. 46) (ix) Credit guarantee scheme for small-scale industries (No. 53), (x) Capital raised (paid-up) by non-government

companies against consents / acknowledgements of proposals (No. 54), and (xi) Note forgeries (No. 125). Further, the following statements relate to the year July-June : (i) Area and production of Agricultural commodities (No. 15), (ii) Index numbers of agricultural production (No. 16), (iii) Consumer price index numbers for agricultural labourers (No.25), (iv) State-wise distribution of commercial banks' offices (No. 36), (v) Primary agricultural credit societies — classification of loans and advances issued during 1982-83 (July-June) and outstanding according to size of ownership holdings (No.44), (vi) Central and primary land development banks — classification of loans advanced during 1982-83 (July-June) and outstanding according to size of ownership holdings (No. 45), (vii) Industrial Finance Corporation of India — industry-wise distribution of financial assistance sanctioned (No. 58), (viii) Operations of National Bank for Agriculture and Rural Development (NABARD, erstwhile Agricultural Refinance and Development Corporation—ARDC) (No. 60), (ix) Industrial Development Bank of India—Liabilities and Assets (No.61) (X) Industrial Development Bank of India—Amount sanctioned and disbursed (No.62) (xi) Operations of Unit Trust of India (No.65) and (xii) Deposits Insurance and Credit Guarantee Corporation — coverage of deposit insurance (No. 67).

The statement 'Estimated Mid-year Population: 1971-80' which had replaced statement on

'Distribution of population, sex ratio, growth rate and population in States/Union territories, in the Report for 1980-81, continues to be presented with revisions in the relevant data. The statement 'Note forgeries' has been modified. As against data on 'Note forgeries' covering information on forgeries detected at the issue offices of the Reserve Bank published earlier, data, from the Report on Currency & Finance 1983-84, also include forgeries detected at branch offices of other banks and note forgeries seized by police throughout the country.

Effective September 25, 1975, the exchange rate of the rupee is determined on the basis of a basket of currencies of countries which are India's major trading partners, severing the earlier link with the Pound Sterling which, however, continues to remain India's intervention currency. In view of sharp fluctuations in foreign

currency markets, the permissible margin for the variation in the value of rupee was widened from 2.25 per cent on either side to 5 per cent with effect from January 30, 1979. The revision effected in the rupee's exchange rate ~~1979-80~~ the Pound Sterling are given in a separate statement No. 118 in this volume.

Explanatory notes in respect of certain statements are given at the end of this volume under 'Notes on the Statements'. Wherever necessary, the figures have been rounded off to the nearest final digit in the Statements. For this reason, the constituent items may not necessarily add up to the total.

A line drawn between two consecutive rows/columns indicates that the figures given after the line are not comparable with those preceding it.

The following symbols have been used in this volume:

..	= Figure is not available
—	= Figure is nil or negligible
1 lakh	= 100,000
1 million	= 10 lakhs
1 crore	= 10 millions.

Note : 1. These annual estimates are based on annual series as on 1st March, 1901-1981, which have been made by breaking the decadal exponential growth rates into annual using Newtons Co-efficients. This method could not be used in case of Arunachal Pradesh as data for only three censuses were available. Estimates for Arunachal Pradesh have been done by using exponential rate of growth between 1971-81. These are provisional and may be revised.

2. The aggregate over the States and Union Territories will not exactly tally with All-India which has been calculated directly. The differences however, are very minor.

Note : 1. Figures in brackets indicate the prices in rupees. These are per 10 grammes of standard gold and per kilogram of silver as in the case of Bombay quotations.

2. Quotations in dollar/cents per ounce for 1970-71 are converted into rupees per 10 grammes/per Kg. at the official exchange rate, and for the later years at the cross rates based on the daily average of spot buying and selling rate of U.S. dollar in London. In converting the foreign prices into rupees, the rupee value reflects the valuation changes effected from time to time.

3. The conversion factor is 1 ounce = 0.0311035 Kg.

* Based on closing quotations; include nominal quotations also.

Notes : 1. Data do not cover Union Territories with legislatures. Data in respect of States relate to 22 States (data in respect of 3 States, viz., Bihar, Manipur and Punjab are from Vote-on-account budgets). Data for Sikkim, Assam and Jammu and Kashmir for 1980-81, 1981-82 and 1983-84 respectively, relate to Revised Estimates.

2. The figures from 1975-76 onwards in this Statement are not strictly comparable with those for 1970-71 due to changes in accounting classification of budget heads.

3. Figures for receipts and expenditure in the Statement are based on the budget documents of Central and State Governments as adjusted for Centre's grants and loans to States and for the States' interest payments and loan repayments to the Centre on the basis of data available in Central budget, so as to avoid double counting. Thus, (i) Revenue receipts of the States and Revenue expenditure of the Centre are adjusted for grants from the Centre to States; (ii) Revenue expenditure of the States and Revenue receipts of the Centre are net of interest payments to the Centre by the States; (iii) Capital receipts of the States and Capital disbursements of the Centre are adjusted for loans from the Centre to the States and (iv) Capital disbursements of the States and Capital receipts of the Centre are net of repayments of loans by the States to the Centre.

4. Capital receipts of the States are also adjusted for net receipts/repayments of ways and means advances and overdrafts from/to the Reserve Bank of India. The data given in the State budgets have been used.

5. Figures in brackets are percentages to Gross Domestic Product at current market prices.

(a) Excludes Treasury Bill Receipts (net).

(b) Provisional.

(c) Includes contra-entries relating to notional receipt/expenditure of Rs. 588 crores on account of subscription payable to International Monetary Fund in the form of securities and Special Drawing Rights.

2. States' Capital receipts as well as loans from the Centre (gross) in 1985-86 (Budget Estimates) exclude the medium-term loan of Rs. 535.9 crores given by the Centre to three States, to clear 90% of overdrafts outstanding with the Reserve Bank of India as on January 28, 1985. Only these three States appear to have taken credit for the medium-term loans in their estimates of Capital receipts in 1985-86 out of 17 States which were granted these loans on October 1, 1985 for clearing overdrafts outstanding with Reserve Bank.

3. As the State-wise details of medium-term loans of Rs. 400 crores given by the Centre to the States to clear overdrafts as on March 31, 1983 are not available, the relative amount has not been taken into account in States' capital receipts and loans from the Centre (gross) in 1983-84 (Accounts).

* Includes market loans, land compensation bonds, cash credits and loans from the State Bank of India and other banks (net), also loan from the National Rural Credit (Long-term Operations) Fund of the NABARD, the National Co-operative Development Corporation, Life Insurance Corporation of India, Khadi and Village Industries Commission, etc., but excludes ways and means advances and temporary overdrafts from the Reserve Bank of India.

2. Since 1978-79 the coverage of the 'Actual users (Non-DGTD, Non-SSI)' category has been split up into 'Actual Users (Industrial)', and 'Actual Users (Non-Industrial)'.

3. With effect from 1978-79 import licences issued to Public Sector Refineries for import of petroleum products and subsequent enhancement in the value of these licences have been accounted for under the category 'Actual Users (Industrial)'.

② Includes the categories 'Ad hoc Licences', 'Customs Clearance Permits', 'Director General of Supplies and Disposals Contracts', 'Railway Contracts', 'Government and against Government Contracts', 'Co-operative Societies', 'Sole Agents', 'Replacement Licences', 'Blanket Licences', 'New comers', etc.

Statements 44 and 45:

Ownership holding referred to in the statement relating to Primary Agricultural Credit Societies (PACS) means the total land holding of a cultivator and not that part of a holding which is actually under cultivation or that which has been charged or mortgaged to the Society. Similarly, in the case of C.L.D.Bs. and P.L.D.Bs. ownership holding refers to the total land holding of the concerned cultivator and not that part of holding which is actually mortgaged to the Primary/State Land Development Bank.

Agricultural labourers refer to those having a homestead and earning 50 per cent or more of their income from activities connected with agriculture including animal husbandry such as, dairy and poultry. This also includes other categories of members e.g., artisans, traders, etc.

Statement 46:

As at the end of December 1984 the number of Regional Rural Banks had grown upto 173 covering 307 districts through a net work of 10245 branches throughout the country. Most distinguishing feature of the working of the RRBs is that more than 90 per cent of their branches have been opened at hitherto unbanked centres. Thus, they have succeeded in taking banking to the door-steps of rural masses. It is also to their credit that even before the end of VI Five Year Plan, they have exceeded the plan target of 170 RRBs, covering 270 districts with a net work of 8200 branches. Total deposits of 173 RRBs, aggregated to Rs. 959.95 crores as compared to Rs. 667.85 crores a year ago showing an increase of 44 per cent in the year as compared to 35 per cent increase in the previous year. The average deposits per branch and per account worked out to Rs.9.37 lakhs and Rs.748, respectively. Average amount per account indicates the class of society served by these banks and the efforts that might have been made in mobilising these deposits from hitherto untapped sources located in the interior and farflung rural areas. During the year ended December 1984, RRBs had disbursed an amount

of Rs. 210.70 crores among 9.75 lakhs beneficiaries under Integrated Rural Development Programme (IRDP) of the Government of India meant for upliftment of poorest among the poor in their area of operation.

Total outstanding advances stood at Rs. 1080.77 crores as compared to Rs. 750.84 crores a year ago, showing an increase of 44 per cent in the year as against the increase of 30 per cent in the previous year. Average advances per branch and per account worked out to Rs. 10.55 lakhs and Rs. 1860, respectively.

As at the end of December 1984, overdue advances amounted to Rs. 265.41 crores forming 24.6 per cent of the total outstanding advances on that date. As compared to previous year, the percentage of overdues to total outstanding advances had slightly come down from 25.5 per cent to 24.6 per cent.

Statement 48:

The data cover the number and amount of cheques, drafts, bills, interest warrants, payment orders, etc., which pass through the clearing houses, including the documents returned unpaid. Data do not cover cheques cashed over the counter, out-station cheques collected directly without passing through the clearing houses and transfer transactions.

Figures in the column for 'Other Centres' and consequently for the column 'All Centres' are not strictly comparable as the number of centres included under 'Other Centres' varies from time to time consequent upon the opening of new centres, etc.

Statement 50:

(a) The Reserve Bank of India Rate (Bank Rate) was raised from 5.00 per cent to 6.00 per cent on January 9, 1971, to 7.00 per cent from May 31, 1973, to 9.00 per cent from July 23, 1974 and to 10.00 per cent from July 11, 1981.

(b) Treasury Bill rate of discount for sales on tap was raised from 3.00 per cent to 3.50 per cent from January 9, 1971, to 4.00 per cent from June 1, 1973, to 4.25 per cent from April 1, 1974 and to 4.60 per cent from July 23, 1974.

(c) (1) Demand Loan rate

(i) *Scheduled Commercial Banks*

Changed from 15.50 per cent to 15.00 per cent from March 1, 1978, from 15.00 per cent to 18.00 per cent from September 13, 1979, from 15.00-18.00 per cent to 16.15-19.40 per cent in July 1980 and from 16.15-19.40 per cent to 18.50 per cent from March 2, 1981 and to 18.00 per cent from April 1983.

(ii) *Co-operative Banks*

From January 1966, the rate relates to call loans of Rs. 1 lakh and above; loans below Rs. 1 lakh are charged half a per cent less; changed from 14.50 per cent to 13.50 per cent from March 1, 1978; with effect from July 1, 1980, the rates charged on demand loans to co-operative banks are same as those applicable to general categories of borrowers for similar advances.

(2) Call Money Rates

(i) The call money rates are the weighted arithmetic averages of the rates at which money is accepted and reported by selected scheduled commercial banks at Bombay, Calcutta and Madras, the weights being proportional to the amounts accepted during the period by the respective banks. Deposits requiring prior notice of any type for repayment are excluded.

(ii) As a follow-up of the Reserve Bank's decision to fix the maximum lending rate charged by commercial banks at 16.50 per cent effective from March 15, 1976, the Indian Banks' Association issued a directive to its members asking them not to demand or pay more than 12.50 per cent per annum on any inter-bank borrowings with effect from March 29, 1976. Subsequently, in line with the changes made by the Reserve Bank in the interest rate structure of banks, the Indian Banks' Association revised the ceiling rate on inter-bank call money transactions from time to time as follows: (a) 12.50 per cent to 10.00 per cent with effect from June 15, 1977, (b) 10.00 per cent to 8.50 per cent with effect from March 9, 1978 and (c) 8.50 per cent to 10.00 per cent with effect from April 14, 1980.

(3) Discount Rate

Changed from 14.00-16.50 per cent to 14.00-16.00 per cent from May 16, 1975, from 14.00-

16.00 per cent to 13.00-15.00 per cent from March 1, 1978, from 13.00-15.00 per cent to 18.00-19.50 per cent from June 1981, and to 17.50-18.00 per cent from April 1983.

(d) Deposit rates were based on Inter-Bank Agreement upto September 1964 and on the Reserve Bank's directives thereafter. Deposit rates given here relate to (i) banks with demand and time liabilities (DTL) of Rs. 50 crores and above and foreign banks upto July 22, 1974, (ii) all banks between July 23, 1974 and end-January 1975 and (iii) banks with DTL of Rs. 25 crores and above from February 1, 1975.

(e) (i) Commercial banks which are authorised to deal in foreign exchange and which accept term-deposits having a maturity period of one year and above under the Foreign Currency (Non-Resident) Account Scheme and Non-Resident (External) Rupee Account Scheme were to pay, on such deposits, interest at 2 per cent per annum above the rates specified for local deposits.

(ii) Scheduled commercial banks with DTL upto Rs. 50 crores were allowed to pay an additional interest of between 1/8 percentage point and 1/2 percentage point per annum on fixed deposits of all maturities upto July 22, 1974. This concession was withdrawn from July 23, 1974. From February 1, 1975, however, banks with DTL of less than Rs. 25 crores were allowed to pay 0.25 per cent higher on term-deposits with maturity of 5 years and less. From March 2, 1981, the higher rate was allowed to be paid only on term-deposits of less than 3 years maturity.

(iii) From October 2, 1975, the Regional Rural Banks (RRBs) were permitted to pay on deposits accepted by them, interest higher by 0.50 per cent per annum than those prescribed for specified categories of deposits for periods upto 5 years. This was further amended to cover deposits with a maturity of more than 5 years also effective January 1, 1977, but from June 1, 1977, RRBs were allowed to continue to pay 0.50 percentage point more on fixed deposits upto 5 years only. From March 2, 1981, the higher rate was allowed to be paid only on term-deposits of less than 3 years maturity.

(iv) Central co-operative banks and primary (urban) co-operative banks are allowed to pay, at their discretion, on fixed deposits additional interest of 0.50 per cent and 1.00 per cent, respectively. As regards State Co-operative banks, while earlier all of them were allowed to pay 0.25 per cent more, from September 13, 1979, State Co-operative banks in the Union Territories and in Tripura, Nagaland and Meghalaya are allowed to pay 0.50 per cent more, while other banks are allowed to continue to pay 0.25 per cent more than the interest rate payable by commercial banks.

(f) A ceiling of 9.00 per cent was imposed on the lending rates of the Indian scheduled banks with aggregate DTL of Rs. 50 crores or above and all the foreign scheduled banks with effect from September 25, 1964; the rate was raised to 10.00 per cent from February 17, 1965, but reduced to 9.50 per cent from March 2, 1968. Since January 21, 1970, the ceiling on lending rates was withdrawn.

(g) With effect from March 15, 1976, the Bank had fixed the maximum lending rate to be charged by scheduled commercial banks, having DTL of Rs. 50 crores and over at 16.50 per cent. Banks with DTL of Rs. 25 crores and above but less than Rs. 50 crores were allowed to charge one percentage point higher (i.e., 17.50 per cent) than the ceiling rate of interest. The rate was inclusive of the 7 per cent levy on interest income from advances. The ceiling rate was not applicable in the case of banks with DTL of less than Rs. 25 crores. With the abolition of the tax of 7 per cent on interest income earned by banks, the maximum lending rate chargeable by banks was reduced to 15.00 per cent for banks with DTL of Rs. 25 crores and over and was fixed at 16.00 per cent for banks with DTL of less than Rs. 25 crores with effect from March 1, 1978. Effective September 13, 1979, the maximum lending rate on short-term advances was raised from 15.00 per cent to 18.00 per cent in respect of banks with DTL of Rs. 25 crores and above and from 16.00 per cent to 19.00 per cent in respect of banks with DTL below Rs. 25 crores. Certain categories of advances e.g., advances to priority sectors, export credit, credit to sick units, credit to Food Corporation of India, etc. were exempted from the increase in lending rates.

Consequent to the reimposition of the tax of 7 per cent on interest income of banks in 1980, the maximum lending rate inclusive of interest tax chargeable by banks was enhanced from July 1, 1980, from 18.00 per cent to 19.40 per cent in respect of banks with DTL of Rs. 25 crores and above and from 19.00 per cent to 20.50 per cent in respect of banks with DTL below Rs. 25 crores. Effective March 2, 1981, distinction among banks on the basis of DTL was abolished and a common ceiling rate of 19.50 per cent was introduced.

(h) In the revised interest rates structure which became effective from March 2, 1981, no general minimum lending rate was fixed but a broad framework of interest rates was provided with fixed rates on certain types of advances and ceiling rates on other types of advances. Wherever ceiling rates were prescribed, the rate of interest fixed for the preceding advance would serve as floor rate for advances in that category.

Statement 53:

The Government of India cancelled its credit guarantee scheme for small scale industries as at the close of business on 31st March 1981 and the Deposit Insurance and Credit Guarantee Corporation (DICGC) acting as agent of the Government, in the place of the Credit Guarantee Organisation, exercises the rights and discharges the obligations of the Government arising out of or accruing under that scheme upto the date of its cancellation. Accordingly all credit facilities covered under that scheme and in respect of which a default had occurred prior to its cancellation will continue to be covered under that scheme. All claims pending as on the date of cancellation as also those preferred subsequently in respect of such defaulted accounts are to be first met by the Corporation and reimbursement obtained from the Government periodically.

The credit institutions have been asked to furnish a complete list of all advances in default as on March 31, 1981, which continued to be the liability of the Government of India. However, the information received so far from participating institutions shows the accounts in default as

on March 31, 1981 at Rs. 218.64 crores. (This information, however, is incomplete as over 4,700 branches of credit institutions have yet to report the figures). These advances as stated earlier, will continue to be governed under the terms and conditions of the Government's scheme (since cancelled) and guarantees can be invoked in respect of them any time in the future, there being no time limit therefor.

In view of the cancellation of the Government's scheme and to provide continuity of cover to advances previously covered by the cancelled scheme but not in default on March 31, 1981 and also to provide guarantee cover to fresh credit facilities sanctioned to small scale industrial units, the DICGC introduced its own guarantee scheme called Small Loans (SSI) Guarantee Scheme, 1981 with effect from April 1, 1981.

The number of participating credit institutions under the corporation's new scheme was 416 as on 31st December 1984. The guaranteed advances to small scale industries as on June 30, 1984 amounted to Rs. 4890.86 crores which showed an increase of Rs. 737.13 crores as compared to the guaranteed advances as on June 30, 1983.

As on the date of cancellation of the scheme, claims amounting to Rs. 98.18 crores were pending with the erstwhile Credit Guarantee Organisation, and were transferred to the DICGC for disposal. During the year 1984, 7,921 claims for an amount of Rs 16.50 crores were received (in respect of accounts in default upto March 31, 1981) while 18,262 claims for Rs. 33.53 crores were disposed of. As on December 31, 1984, 7,360 claims amounting to Rs. 80.42 crores were pending.

Statements 79 to 81:

The receipts and disbursements given in these statements differ from the figures shown in the Annual Financial Statement (Budget of the Central Government) mainly because in these statements data on revenue account exclude figures relating to Posts and Telegraphs Department, Railways and States' share of the Union excise duties. Defence expenditure is shown on a net basis under revenue expenditure. In Capital Account receipts are shown on net basis. The total Capital Receipts in this Report differ from those in earlier Reports, since these are net of repayment of debt. Net variation in Treasury Bills is treated as financing item of surplus/deficit.

The figures for Revenue and Capital Accounts given in these statements are not comparable with those given in the Reports on Currency and Finance prior to 1973-74 due to changes in the accounting classification of the Budget. For a brief discussion on the new classification, please refer to Chapter V on 'Budgets and Public Debt' of the Report on Currency and Finance, 1973-74.

Statement 81:

Data from 1974-75 onwards cover expenditure on food subsidy under the head 'agriculture and allied services' as part of economic services and relief on account of natural calamities as part of 'social and community services' under developmental expenditure; in earlier years, data on the expenditure on these items were included under the head 'other expenditure' as part of non-developmental expenditure.

Consequent modifications have been made in this Statement beginning with the Report on Currency and Finance for 1975-76.

Statement 92:

Figures in the statement against this item prior to March 31, 1973 represent outstanding 'Floating Debt' of the old classification.

Foreign currency and gold holdings are given in rupees, the method of valuation being as indicated in the footnotes to the statement. SDR holdings are, however, given in units of SDR. As of March 31, 1971, one SDR was equal to one U.S. dollar. Effective July 1, 1974, the value of SDR was determined daily by the Fund on the basis of a basket of 16 currencies. Beginning July 1978, the composition of the basket of currencies and the weight assigned to each currency was changed, though the number of currencies in the revised basket was retained at 16. Since January 1, 1981, the SDR valuation basket consists of the currencies of the five member countries having the largest exports of goods and services during 1975-79, i.e., U.S. dollar, Deutsche mark, French franc, Japanese yen and Pound sterling.

As on end-March 1985, one SDR was equivalent to U.S. \$0.99127, the average for the month being U.S. \$0.96366. On end-June 1985, the rate was U.S. \$0.99828 per SDR with the average for the month at US \$0.99703.
